FIL-TEC

Fil-Tec Inc. is a family-owned and operated technical fiber company manufacturing innovative products in the USA. Fil-Tec has been innovating fibers for over 40 years, and their power cable and fiber optic technical yarns help deliver electricity, internet and mobile phone service to people and businesses worldwide. Additional products include sewing and embroidery threads, high-temperature gasket fibers, wicks, and specialty filtration products.

WCISA is a nonprofit corporate membership organization of North American suppliers of machinery, materials and accessories used for making all types of wire and cable. Members are based or have an established subsidiary in North America. WCISA's mission is to promote its member's products and services by providing member companies with representation, networking/social opportunities and services at wire and cable trade events and conferences. WCISA is active, both as an exhibitor and supporter, in wire and cable trade events and conferences throughout the world. WCISA also offers three types of scholarships to its member companies. Details and a member list can be found at www.wcisaonline.org.
