Established in 1988, ECC is a privately owned and operated global producer of reliable, high-performance, colorable, pelletized compounds. We offer our own proprietary product line as well as custom mixing services. ECC offers a comprehensive product line for a variety of applications. We specialize in cross-linkable and thermoplastic, high-performance cable insulation and jacketing solutions.

WCISA is a nonprofit corporate membership organization of North American suppliers of machinery, materials, and accessories used for making all types of wire and cable. Members are based in or have an established subsidiary in North America. WCISA's mission is to promote its members' products and services by providing member companies with representation, networking/social opportunities, and services at wire and cable trade events and conferences. WCISA is active, both as an exhibitor and supporter, in wire and cable trade events and conferences throughout the world. WCISA also offers three types of scholarships to its member companies
